Danecourt School

LAC Governors

Emma Pape

It is a privilege to be a governor of Danecourt School and help support the primary school education of many young people Professionally I have worked in a number of roles within school for the last 25 years and am currently the Head of School at Featherby School. Through this work I have had the opportunity to see education develop and strongly believe in a holistic approach to education, valuing physical and mental well-being, and academic performance across a broad and balanced curriculum.

Beth Shearing

I started working at Danecourt in November 2019. I have worked in classes from every track within the school, as well as a wide range of staff and children. I started at Danecourt as a teaching assistant and I have been a class teacher at the school since September 2021. I am passionate about providing our children with the best possible education so that each individual reaches their full potential. I am excited about my role as staff governor as it will further provide me with opportunities to work with staff, families and the community to ensure our children receive enriching and inspiring experiences throughout the school, to give them skills to be successful in the wider community.

Rebecca Byrne

My name is Rebecca and I am a Trust appointed Councillor for Danecourt School. Working within education and having two young children myself, I have seen firsthand the transformative power that a supportive and inclusive school environment can have on children. Living locally to the school, I am keen to give back to my community and make a positive impact. The children and staff at Danecourt are wonderful and inspiring and it is a privilege to work with my fellow councillors to ensure that all pupils can achieve, flourish and become STARS at Danecourt and reach their full potential. I look forward to working with the school's senior leaders, staff, parents and wider community to ensure that Danecourt School remains a welcoming and inclusive space for all its pupils.

Samuel Ojeme

Samuel is a director of product management at Mastercard where he oversees go to market strategy, product optimization and evolution of cyber resilience products in the European market.He has over 15 years of experience in Risk Management, Governance and Assurance, primarily in IT and Information Security.
