20th October - Last day of Term 1

STARS:

Our school values make up the STARS, they are:
Self reliance
Team player
Aspirational
Resilience
Successful

This term, we will be focusing on **Success.**

Messages/Information:

Can you please ensure that all of your children's belongings are clearly named.
Can you please send in a pair of named wellington boots and waterproof coat. This will enable us to use our outdoor learning environment in all weathers.

Our Learning This Term:

This term the topic is 'Let's Explore' where we will be learning all about ourselves, our senses and taking in our new environment.

Some children are getting used to a new school, new transport and building new relationships with staff and peers. We will be focusing on new routines through the use of visuals and supports such as objects of reference, 'now and next' cards, working for cards and daily timetables.

This term the children will be developing learning new faces and names, and will be learning to play with/alongside new friends. We will be finding out what the children like/dislike, and identifying their sensory needs and implementing sensory circuits so they are in a readiness for learning.

We will be using a range of approaches and programmes to support learning such as:

- Attention Everyone (Attention and Listening)
- Sensology (Learning through our senses)
- The ALERT programme/ Sensory circuits (supporting sensory needs to be ready for learning)
- TEACCH

We will be sharing the children's learning in school with you via the Evidence for Learning (EfL) App, please ensure you have access to this, the login information has been shared by the school office. It would be great to see the children's learning at home, this can be added to the EfL app too.

Any questions about your child's learning, please feel free to ask!
