Self reliance
Team player
Aspirational
Resilience
Successful

This term, we will be focusing on **Success.**

Messages/Information:

If you haven't already done so, please send in a named pair of Wellington boots and change of clothes.

Our Learning This Term:

This term we will be settling into our new classes, getting to know our new classmates, learning our new class routines and beginning work on our new topic 'Let's Explore'. As part of our topic work the children will be following instructions and routes to find their way around parts of the school and school grounds.

The children will be continuing to develop their phonics through listening games and accessing the Little Wandle scheme. We will be developing their reading and writing through sharing familiar stories.

In maths the children will be exploring measure. The children will have practical opportunities to investigate mass, size and volume.

The children will be developing their physical skills; both gross motor and fine motor, through PE, outdoor learning, working on threading and strengthening their finger muscles using play dough.

If you would like any further information please do not hesitate to contact your child's class teacher. You will see examples of what your child is getting up to on Evidence for Learning.
