STARS:

Our school values make up the STARS, they are:
Self reliance
Team player
Aspirational
Resilience
Successful

This term, we will be focusing on **Success.**

Messages/Information:

Welcome back to the new academic year. We are so pleased to see the children settling back in and ready to learn.
Please make sure all of your children's clothes are clearly labelled to ensure we can locate them.

Our Learning This Term:

Our theme for this term's learning is Let's Explore! This term we will be exploring our class routines and rules. We will be exploring, likes and dislikes, my classroom, the school environment and our senses.

Our topic for maths is position and direction. We will be exploring how to get to different areas of the school by following instructions using visuals. We will also be focussing on following instructions using in, on, under, next to, behind, between.

In P.E, the focus is gymnastics. The children will be exploring different balances, shapes, jumping, rocking, rolling and travelling. They will be making up short sequences on and off of the apparatus.

We will be writing instructions to make a snack of their choice using sounds to form words and sentences or using visual strips to form sentences.

In PSHCE we are going to be developing our independence skills whilst eating our lunch, lining up playing, asking for help and letting adults know how we are feeling.

This term all of our learning will be working towards exploring the local park. We will be talking about being safe when in the wider community, walking safely near roads, following instructions and recognising local amenities.

Look out for examples of your child's learning on Evidence for Learning and please share any examples of learning at home with us.
