Charlotte Faulkes

ANTS CLASS
Jo Avis

Our Learning This Term:

This term the topic is 'Who am I' where we will be learning all about ourselves, our senses, and taking in our new environment.

Some children are getting used to a new school, new transport and building new relationships with staff and peers. We will be focusing on routines through the use of visuals and supports such as objects of reference, 'now and next' cards, working for cards and daily timetables.

This term the children will be developing learning new faces and names, and will be learning to play with/alongside new friends. We will be finding out what the children like/dislike and how they communicate. We will be finding out what the children find motivating and engaging. Adults will be identifying the children's sensory needs and implementing sensory circuits so they are ready for learning.

We will be using a range of approaches and programmes to support learning such as:

- Attention Everyone (Attention and Listening)
- Sensology (Learning through our senses)
- The ALERT programme/ Sensory circuits (supporting sensory needs to be ready for learning)

Sharing Learning:

We will be sharing the children's learning in school with you via the Evidence for Learning (EfL) App, please ensure you have access to this, the login information has been shared by the school office. It would be great to see the children's learning at home, this can be added to the EfL app too.

Reminders:

- Please ensure that all of your children's belongings are clearly named.
- Please send in a pair of named wellington boots and waterproof coat or puddle suit. This will enable us to use our outdoor learning environment in all weathers.

KEY DATES - TERM 1
